## ALLOWANCE & EXAMINER'S AMENDMENT

1. An Examiner's Amendment to the record appears below. Should the changes and /or additions be unacceptable to the applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Mr. James Love on September 12, 2006.

2. The application has been amended as follows: Cancel claim 21.

- 3. Pursuant to M.P.E.P. § 606.01, the title has been changed to read:
- -- A condenser with first and second photodetectors with three sections each and having focal points before and after the surface of detectors --.
- 4. The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-20 are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose a condenser which includes two photodetectors with focal points below and above the surface of the photodetectors respectively and each photodetector having three elements in which "a first area recode first light, second area receives second light in which condensed light is located outside of the first portion and a third area receives third portion of condensed light which is located outside of the second portion of the condensed light". It is noted that the closest prior art, Yang (US patent 5,553,050) shows a similar apparatus which dual photodetectors and also focal points above and below these two photodetectors and these photodetectors are locate equidistance from these focal points [see fig. 6]. However Yang fails to disclose details of three portions [areas] on each detector and light distribution as claimed.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
